## STUDENT STORY SECTION

### *My unforgettable memories*

*"I am going to tell you one of my good memories; when I have been to Tunisia I met a beautiful girl from Sosa. Sosa is a nice city in Tunisia on the best coast; she came there with her family to the beach. I was also there with my friends. Then suddenly, I have spoken with her for an hour and I felt I know her from a long time. We met after three days and had a nice time together.*

*Sadly, I have lost her because I don't know where she lives in Sosa and also lost her mobile number but I still love her a lot and miss her every night. I hope possibly by luck we will meet each other again as soon as possible".*
